

# Emergency Cultural Fund

*This ILO, IMF, and UNESCO emblems remix is a tribute,  
we hold no link to these nor any other institution.*

## Proposal

An investment facility for online cultural and artistic processes curatorship.

## Proponents

Ecumenic Creative Operations

<https://ecumenic.github.io>

## Propitiation

- ◇ **Implementers:** This enterprise has responsibility to develop and operate, along with the investment and safeguard of enabler agents, a curatorial process, under the audit of auditorial agents, of online cultural processes in compliance to this project's planning of actions, licensing juridics, code of conduct, and contract consented valuing hierarchy.
- ◇ **Enablers:** To be able to do so we need your enterprise to provide us, ethics respect, professional relations, charitable investment, technologic support, agencies networking always in accordance to our reliability engineering compliant devops contract glocally.
- ◇ **Auditors:** To keep our project's impartiality and transparency we need to consensually select responsible auditorship instances to its diverse areas including workflow policyming, open governance, solidary economy, logistics accountancy, open-source technologies, glocal crossculturality, sustainable development, diversity inclusivity, media accessibility, and ecomuseologic curatorship for our cultural processes craft and assets compliance.

## Project

◇ **Mission:** We seek the improvement of common welfare conditions in social distancing through the creation of an audited online network of sustainable cultural support and aid based on the *Ecumenic Creative Operations* (<https://ecumenic.github.io>) methodology,

## Property

This whole project is copyrighted under Creative Commons [CC BY-NC-SA 4.1] license to the *Ecumenic Creative Operations* and may only be used under both compliances. If you have a cultural development community who wishes to use it contact us freely.

## Professionality

◇ **Beneficiaries:** Peacebuilding, environmental nature-rights, and humanitarian services including dignified human rights, gender and ethnic diversity inclusion advocacy agents.  
◇ **Voluntaries:** General Public. Parental or responsible guidance is recommended highly.  
◇ **Partners:** Glocal-oriented responsible respectful auditorable craft agents and agencies as security, heritage safeguard, eco touristic museologic curatorial, artisanal, artistic, cultural development, technologic engineering, media production, agroflorestal, building, library-archivistic, data-informatic, crosscultural, laic-interfaith, scientific community, academic, charity services, sustainable fashion, think-tank, solidary investment venture, educational, governmental and non-governmental, collectives and industrial entities.

## Professorship

◇ **Mandateship:** Enablers and auditors hold decisory power over the scope of theme, and any approach, methodologic, procedural, partners, products, aesthetics, technologic, laic-interfaith diplomacy, and media preferences previously contracted consensually.  
◇ **Mandate:** The implementer represents all collaborators of the enterprise partnership in duty of rule-of-law standard policies compliance, accountable audited transparency, research and development direction, code of conduct, actions productions, contracting, team capacity building, workgroups hierarchy, networking, open groupware technologies, procurement, logistics strategy, communication diplomacy profile, sub-projects forking, and creative direction in negotiations and decisions with enablers & auditors mandataries.  
◇ **Mandataries:** Enablers and collaborators have implementer's mandate safeguard duty including peaceful euthenic health prosperous daily living, ethic discipline maintaining, compassionate solidary conviviality, open-educational-resources knowledge sharing, respectful conduct, dignified diversity accessibility, crosscultural inclusivity, sustainability, proactive diligent creative program design and execution as in the consented projecting.

## Proofreading

◇ **Scientific Methodology:** Peer-reviewed fact-checking empiric, theoric referentiality, world ecologic ecomuseologic ecocuratorial principled, laic-interfaith diplomatic ethic, quantifiable metric data-analytic, standards technologic, semiolinguistic historiographic, holistic cybernetic, reliability engineering, compliance respectful cultural laboratoriality always referring to the implementer bibliography (<https://bit.do/ecumenic-ecosystem>).  
◇ **Accountancy:** Performance indicators decision, traceable production data-analysis, scientific methodologic psychologic, socioeconomic, and welfare methodology audit.  
◇ **Auditorship:** Transparent policymaking, scientific community, humanitarian service, assisted communities, industrial investors, educational media, hierarchic accountancy.

## Processing

- ◇ **Investment Fund:** Establishment of a transparent open governance for the enterprise, conduct code for participation, communication strategy, investment categories semantic web ontology, multiplatform payment procedure, proof of work and commitment assisting supports hierarchization algorithm, responsabilization methodology, and data-scientific empirical analysis of accountable ecomuseologic auditorial instances for contracting.
- ◇ **Integral Development Environment:** Design architecture and programming reliability engineering of an open-source online platform for agents interaction including a website, events schedule calendar, processual documentation and free cultural assets repository, glocal logistic marketplace, and coherent social medias communication strategy.
- ◇ **Selection Process:** From the auditorial instances contract, along with implementers and enablers, review the project's compliances to world standards legislative juridics, and development of a communicologic call for voluntaries and financial partnerships.
- ◇ **Online Events Production:** Development of an instructional program pedagogy including ludic procedures for common aesthetics like the proposition of practices, dress-codes, theme-specific scenography, language usage rules, specific technologic applications, calendar compliance, journeys, and other gamification methodologies.
- ◇ **Multimedia Process Documentation:** Archive events in pre-programmed assets, as artworks, using the most advanced open-source free-libre tools in a library-scientific git version control platform registering them in a cultural assets validation blockchain.
- ◇ **Community Communication:** Through auditors reports organize events of academic and communitary critique on previous processes and products for their marketing and the programming of further ethic collaborations networking and project's forking.

## Promoting

- ◇ **Scientific Methodology:** Peer-review fact-checking empirical theoric laboratoriality.
- ◇ **Rule-Of-Law Culture:** Ethic jurisprudential enterprise codes-of-conduct policymaking.
- ◇ **Healthy Practices:** Compassionate vegetarian diet catering and humane caretaking.
- ◇ **Open Governance:** Transparent mandateship-based hierarchic collaborativity juridics.
- ◇ **Ecologic Sustainability:** Resources, practices and relations use upcycling optimizing.
- ◇ **Solidary Economy:** Society nourishment developmental and operability cybernetics.
- ◇ **Peacebuilding Crossculturality:** Laic-interfaith sociologic data-scientific semiotics.
- ◇ **Ecomuseology:** World standard progressive educational modular administrationality.
- ◇ **Glocal Integration:** Euthenic healthy ethics culture promotion of creative industry.
- ◇ **Interfaith Diplomacy:** Ancestral folk traditions, current arts & science, interfacing.
- ◇ **Regional Communicology:** Multimedia broadcast investments enhacement expertise.
- ◇ **Labour Market Valuing:** Fair-trade contracting and multipliers formation curatorship.
- ◇ **Humanitarian Service:** Charity respectful task-forces and emergencial nourishing.
- ◇ **Accessible Inclusivity:** Dignified cosmopolitan diversity culture exchange inclusivity.
- ◇ **Heritage Ecotourism Planning:** Ecosystem analysis of environmental regenerativity.
- ◇ **Communities Networking:** Partnerships compassionate solutions-seeking pitching.
- ◇ **Open-Source Archives:** Git version-control scheduled plans workflow library-science.
- ◇ **Technologies Procurement:** Contractual legal shareholding traceable outsourcing.
- ◇ **Ethic Marketing Advertisement:** Sponsorship and support provenance analysis.
- ◇ **Practical Theory:** Flexible-lenght historiographic hands-on courses culture pedagogy.
- ◇ **Makerspace Studies:** Hardware, tools, and crafts workshops open collaborativity.
- ◇ **Fine-Arts Ecosystem:** Operatic ecomuseologic cultural assets dignified advocacy.
- ◇ **Dignified Compliance:** Processes and products respectful fashion social standards.
- ◇ **Accountable Auditorship:** Ledger-based harm-reduction risk management review.

## Producing

- ◇ **Integrative Instruction:** Pedagogic multimedia presentation of the project's process to investors, enablers, collaborators, auditorial instances, open to the general public.
- ◇ **Actions Calendar:** Schedule online administrative meetings, procedures recordings, cultural presentations, and analytic conferences in an accessible manner for participants.
- ◇ **Mentorship Meetings:** Dialogues, interviews, forums, seminars, and symposiums between individuals and groups for the periodic evaluation and optimization of directives and methodologies coherent to each procedure poethics, to be audited in the sequence.
- ◇ **Relations Safeguard:** Production and social media communication hierarchic molding including commentaries response, artworks technical support, and devops code review.
- ◇ **Commodification & Marketing:** Development and operation of cultural assets logistic marketplace and auctioning, as artworks and merchandise products, and value-chain transparent fair-trade sustainable procurement and third-party franchising shareholding.
- ◇ **Multimedia Communication:** From agents consensual collective decision produce a solidary peacebuilding propagation strategy including target audience, relevant medias, sales and signature plans, charitable services, in compliance to the project's curatorship.

## Programming

- ◇ **Sunday:** Compassion assembly, laic-interfaith studies, rest peaceifying architecture.
- ◇ **Monday:** Governance assembly, civil religiosity studies, practices schedule sculpture.
- ◇ **Tuesday:** Production assembly, artwork production studies, exhibition craft painting.
- ◇ **Wednesday:** Communication assembly, media studies, research presentation poetry.
- ◇ **Thursday:** Peacebuilding assembly, solidarity studies, dignified charity service music.
- ◇ **Friday:** Ethics assembly, jurisprudence studies, welfare etiquette caretaking theater.
- ◇ **Saturday:** Aesthetics assembly, cultural performativity studies, art performances film.

## Procuratorship

- ◇ **Cultural Direction:** Projects and artistic management & production, team preparation, curatorial programming, reliability engineering, scene dramaturgy.
- ◇ **Heritage Consultancy:** Art direction, cultural analysis, database planning, interventions, business coach & team training, assets safeguard & preserving.
- ◇ **Ethic Promotion:** Cultural festivities & calendars, traceable ecotourism, traditions today, governance, dignified diversity, fair-branding, social advertizing.
- ◇ **Faith-Inspiration Creativity:** Heritage guides, congregation solidary economy and ecology, laic-interfaith interfaces, legislation & sociopsychologic counseling.
- ◇ **Orchestral Supervision:** Musicking, music labels, voice preparation, harmony arrangement, recording production, local humanitarian cultural leadership.
- ◇ **Set Administration:** Cinematography, storyboard script, acting preparing, crew organization, photography & light design, scenery, costumes, styling.
- ◇ **Ecomuseologic Curatorship:** Contextual processing curatorship, culturality (in)tangible heritage safeguard, library-science, memory centers cataloging.
- ◇ **Gamification:** Ludic individual & group dynamics, ethic dances coreographies, interactive theater, table-games, interactive applications, social musicking.
- ◇ **Multimedia Performances:** Concerts, dj, live art, interventive happening, theater plays, interactive interfaces, videomapping, site-specific operas, systems.
- ◇ **Audio Production:** Field-recording, soundtrack, albums, acoustic engineering, sound fx, radio shows, audiobooks, podcasts, sound installations, jingle branding.
- ◇ **Sustainable Artcraft:** Artisanal & industrious technologic drawings, paintings, readymades, collages, sculptures, publications, art-books, photographic essays.
- ◇ **Environmental Installations:** Diorama model, scalable landscape, cartography, immersive expographic production, audiovisual & synaesthetic multimedia exhibit.
- ◇ **Events Organization:** Administrative documented scheduled plans, journeys, management, technical strategy, productive collaboration, fairs, vegan catering.
- ◇ **Educational Architecture:** Audience & multipliers formation, co-creativity, social feedback, makerspace workshops, info-science, semantic-web ontologies.
- ◇ **Publishing Aesthetics:** Poethics, journals, portfolios, catalogues, magazines, graphic novels, librettos, science guides, reports, theses, online publishing.
- ◇ **Instructional Materials:** Analytic reports, cultural analysis, social interfacing, academics, site-specific cultural guides, creativity laic-interfaith chaplancy.

## Proceeding

Enablers need to analyze this project and its attached policies and methodologies review and report a counter-proposal with optimum implementation changes in need so that we may schedule our first online meeting to arrange procurements and design a plan that take the economic-ecologic situation in travelling and lodging possibilities, schedule agenda, instruction language, networking, compliance pedagogy, staff pitching, online and in-field site-specific processual methodologies, sociocommunication strategy, productions glocal outsourcing, sustainable logistics cartography, products shareholding, exhibit blueprinting, collaborators curatorship, expography building, and documenting such as publishing, interviews, academic articles, telecasts, and video documentaries.

## Protoenabling

- ◇ **Respectful Relations:** Develop and maintain respectful dignified inclusive accessible relationships with individuals and agencies and assist implementers with collaborating agents and auditors in doing the same, always in accordance to contracted policies.
- ◇ **Equal Opportunity:** Coordinate the provision of glocal demographic impact-analysis to foster the most representative projects from the wider spectrum of social stratas.
- ◇ **Compassionate Communication:** Ensure effective, accessible to all, pedagogic communication coordinating enterprise, project, sub-projects, collaborators, auditorship instances, outsourced labourers, academic peer-reviewers, and other external agencies.
- ◇ **Reliability Engineering:** Optimize policies, methodologies, and procedures seeking new grantmaking initiatives and strategic approaches, including new opportunities in laic-interfaith peacebuilding humanitarian sustainable compliance cultural developments
- ◇ **Auditorship Monitoring:** Analyse glocal economy and design accountable budgets in ethic overall enterprise project, individual funds, ledgers, and payment methodologies accurate evaluation of funding impact through empirical and data-science technologies.
- ◇ **Compliance Enforcement:** Entrepreneurial agenda, schedules, workflow plannings, production logistics, outsourcing procurement, and crafts supervision in compliance to contracted policies for the healthy individual and collective goals meeting which includes instructional preparation, responsibility monitoring, conferencing, and networks agency.
- ◇ **Funding:** Support Implementers and auditors to ensure timely and appropriate duties disbursement of funds through the enterprise project's programs of capacity-building.
- ◇ **Networking:** Propose new fork- and sub- projects, in collaboration with compliant glocal communities working with our community and field leaders to support strategic organizing and relationship building include presentations, courses, and conferencing.
- ◇ **Archive Library-Science:** Manage with implementers and auditors the enterprise's open-source database ensuring clear semantic-web ontologic categories, procedures of input and outup, data-analysis algorithms transparency, and open updating processes.
- ◇ **Solidarity Promotion:** Share the enterprise, project, and sub-projects in philanthropic organizing spaces, financial networks, including conferences and briefings strategizing to ensure that our compliances and mandateships are understood and respected sharing it.

## Protoauditorship

- ◇ **Enabling Compliance:** Consensual contracted acceptance of the enablers policies.
- ◇ **Procuring Policies Legal Review:** Analyze, review, and propose optimizations, with implementers and enablers, for our institutional code of conduct, guidelines, and policies.
- ◇ **Rule-Of-Law Policies Enforcement:** Use of legal and administrative methodologies to assure proper execution of the contracted project under the enterprise's compliances.
